

DAVID LIVINGSTONE once said,

“IF WE HAVE MEN WHO WILL ONLY COME
IF THEY KNOW THERE IS A GOOD ROAD, I
DON'T WANT THEM. I WANT MEN WHO
WILL COME IF THERE IS NO ROAD AT ALL”.

IMPACTING HEALTHCARE WITH INNOVATIVE TECH SOLUTIONS:

SONENERGY

DIAGNOSTICS

BITTIUM HOLTER

- Ambulatory ECG monitoring for at least 7 days
- Full 1 CH ECG recording
- ECG sampling up to 250 Hz, adjustable
- Battery life at least 14 days
- Discreet to use with multiple operating modes
- Bluetooth interface for MCT applications
- 3D Accelerometer
- CE class IIa

SOON TO BE PILOTED

- **Bittium Respiro**
- A medical device & analysis service focused on Home Sleep Apnea Testing
- One-Button Control
- Small size
- Wireless connectivity
- Modern printed electronics
- Custom disposable and fully biocompatible electrodes – always hygienic and safe
- One device, one SW for all configurations
- AASM compliant
- Medical device, Class IIa

BITTIUM EEG SYSTEM

- EEG Monitoring for ICU and ER

NEONATAL BCPAP

Bubble Continuous positive airway pressure

Answering

- **Effective & Affordable**

Provides the same level of therapeutic pressure as other commercial CPAPs for less than one-third of the price

- **User Friendly**

Set-up training takes less than 5 minutes

- **Easy to Maintain**

- **Durable**

Our Plans

✓ Training Centre

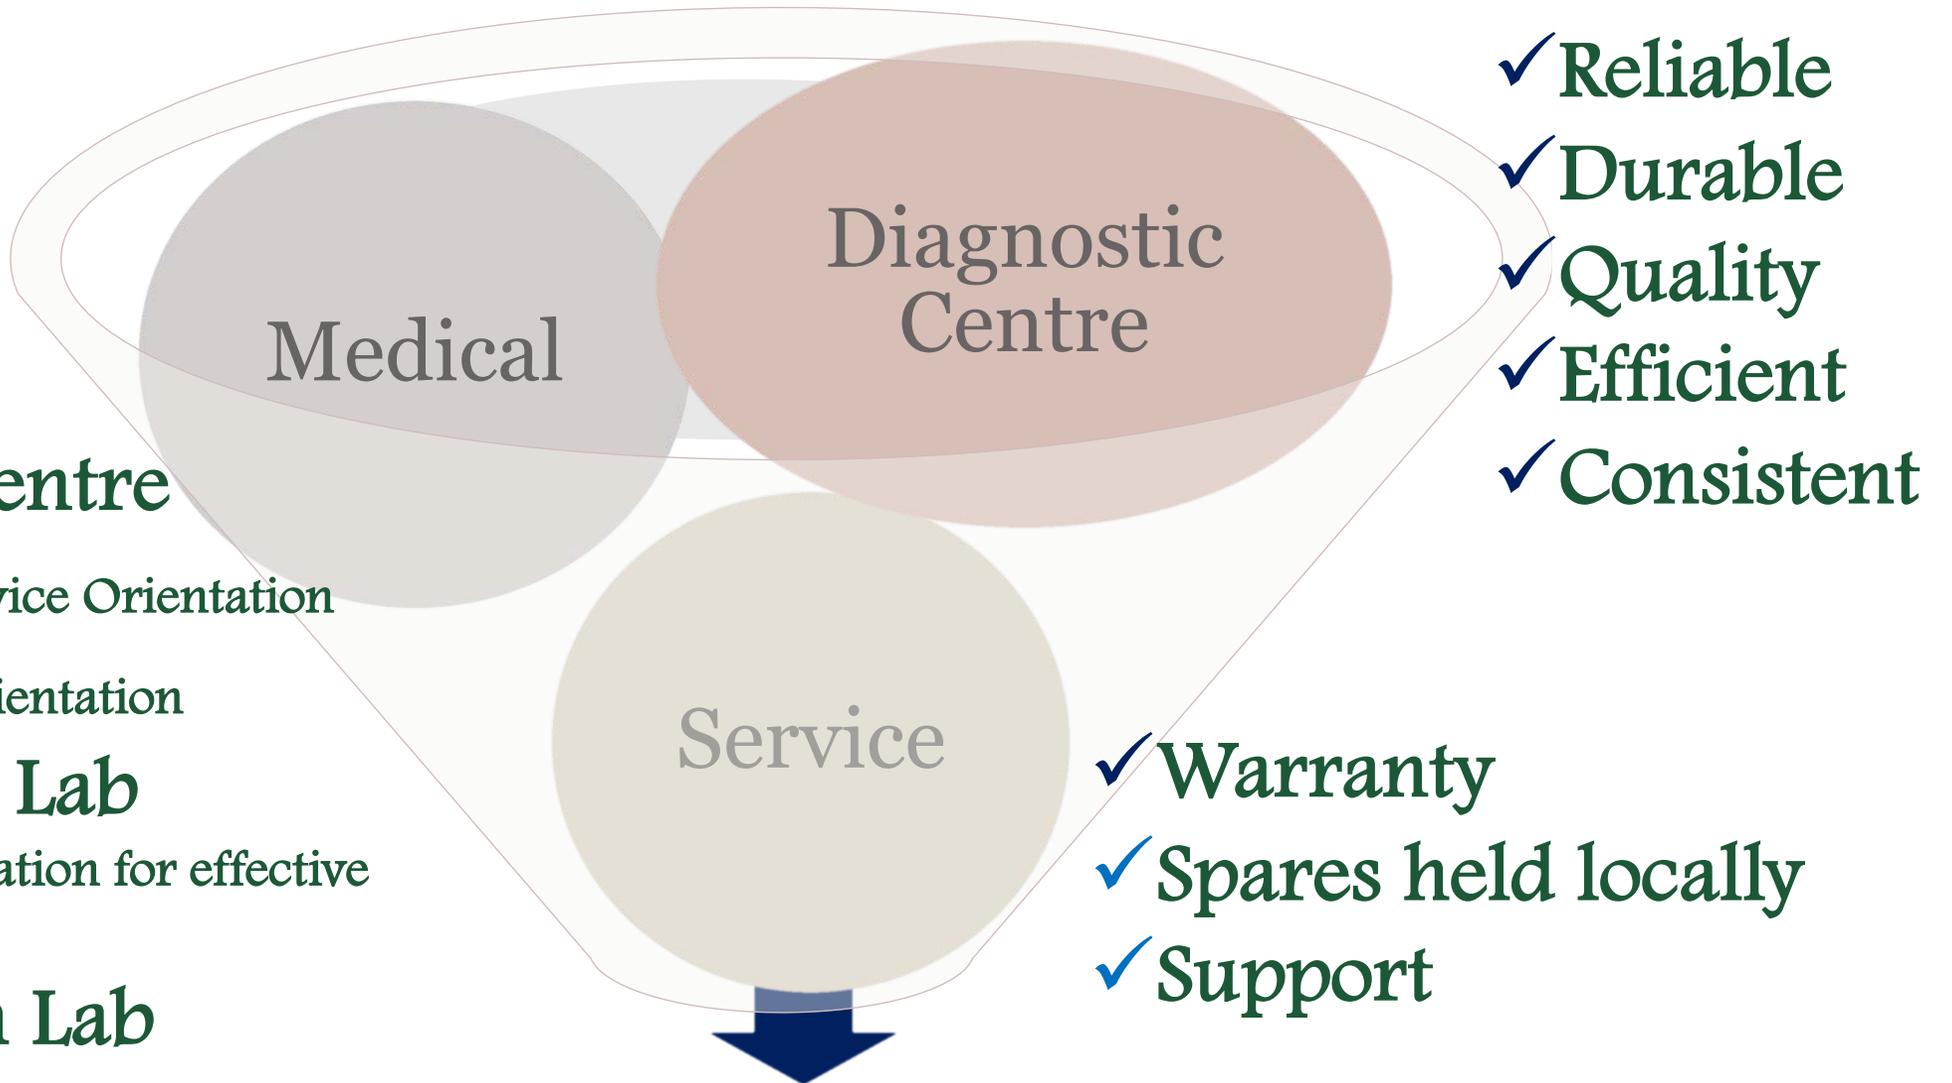

- Biomet's Equip Service Orientation
- Equip End-user Orientation

✓ Simulation Lab

- High fidelity simulation for effective end-user training

✓ Calibration Lab

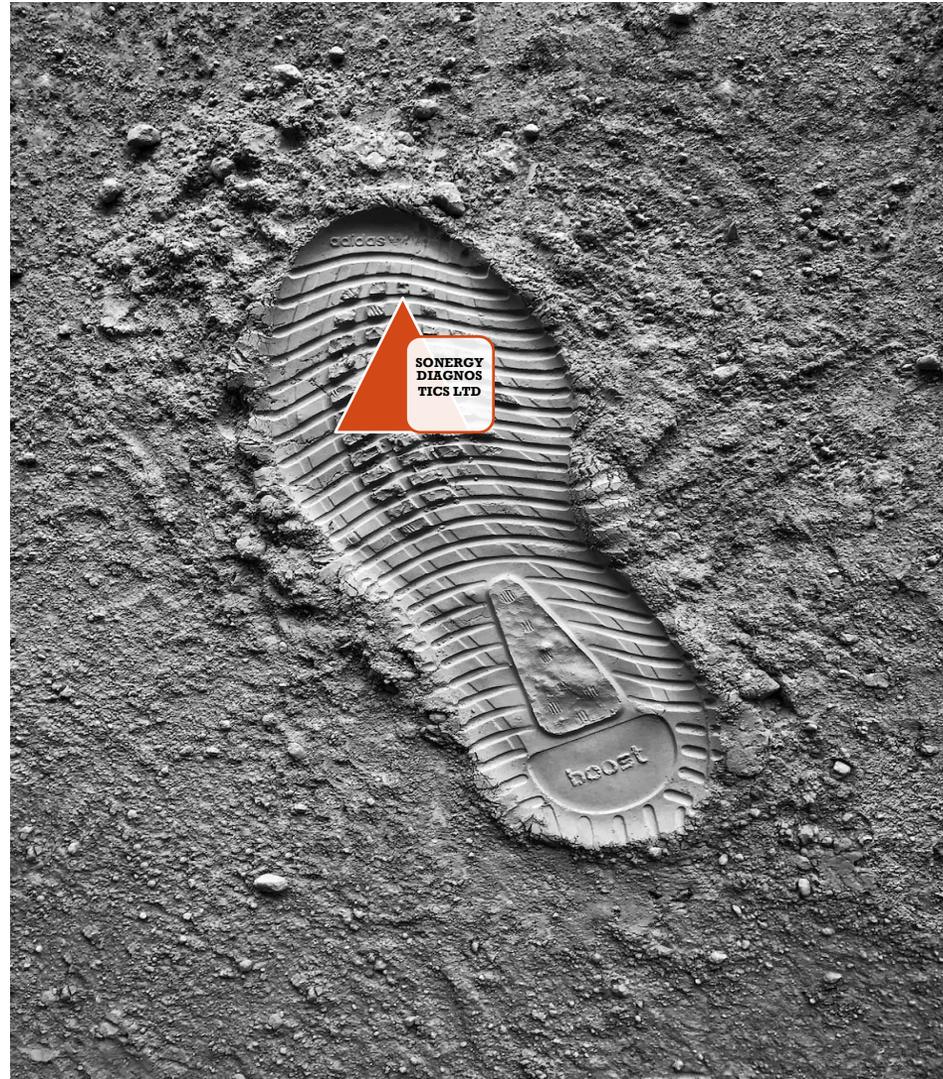

- Equipment standardization

Effective Healthcare Provision
